HR PRACTICAL TRAINING — DAY 10

Employee Training & Development (T&D;)

Training Type: Self-directed practical HR training / project work-log

Date: 07 October 2026

Status: COMPLETED

Timing Evidence: Day 10 work was completed on 07 October 2026; the exact final submission clock time was not independently verified.

1. Objective

To practice identifying employee training needs, preparing a training plan, evaluating training outcomes, and creating an HR training summary in Excel.

2. Work Completed

• Training Needs — employee skill gaps, recommended training and priority

• Training Plan — trainer, mode, dates, duration and status

• Training Evaluation — attendance, knowledge, practical score, overall score and result

• Training Summary — training KPIs and management-level summary

3. Key Results / KPI

Metric	Result
Total Employees Trained	10
Passed	10
Needs Improvement	0
Average Training Score	92.10
Highest Training Score	96.67
Lowest Training Score	81.00
Average Attendance	99%

4. Practical Skills Applied

• Excel formulas for priority, duration, overall score and training result
• Training Needs Analysis (TNA)
• Training planning and scheduling
• Training effectiveness evaluation
• HR training KPI reporting

5. QA / Final Review

• Training terminology and headings corrected for professional wording
• Advanced Excel naming/wording standardized
• Highest Training Score formula range verified as I2:I11
• Practical Score column clarified as Practical Score %
• Final KPI values checked against the training evaluation data

6. Completion Note

The day's assigned practical training work was completed and reviewed based on the submitted Excel/project evidence. This document is a training/project completion work-log and is not an employer-issued employment or experience certificate.
