HR PRACTICAL TRAINING

DAY 14 — Employee Grievance Handling

Training Date	11 October 2026	**Start Time**	9:36 AM IST (recorded)
Workbook	HR Training Day 14(1).xlsx	**Completion Time**	Not verified

Training Objective

Practise recording employee grievances, classifying issues by category and priority, tracking investigations and corrective actions, recording resolution status, and building a summary dashboard with Excel formulas.

Workbook Sheets Reviewed

Sheet	Work completed
Grievance Register	10 sample grievance records with priority and current status.
Grievance Categories	8 categories with descriptions and typical priority.
Grievance Investigation	10 investigation records; completion status tracked.
Grievance Action Tracker	10 actions with status tracking.
Grievance Resolution	10 resolution records with Closed/Pending status.
Grievance Summary	Formula-based count of grievances, priorities, statuses, investigations, actions, and resolution rate.

Excel Summary Results

Metric	Verified Result	Metric	Verified Result
Total Grievances	10	High Priority	3
Medium Priority	5	Low Priority	2
Open	3	In Progress	3
Resolved (register)	3	Closed (register)	1
Total Investigations	10	Completed Investigations	6
Pending Actions	6	Closed Cases (resolution sheet)	4
Resolution Rate	40%	Acknowledgement	N/A

Quality Review Notes

• The updated workbook contains all six expected sheets, and the summary formulas return the results shown above.

• The Grievance Categories sheet contains eight categories. “Reporting manager or communication issues” is an appropriate description for the Managerial category.

• Dates were left in their existing format as requested; this report does not assert that ambiguous date values were reinterpreted or corrected.

• The Grievance Register shows 1 case with current status Closed, while the Resolution sheet records 4 closed cases. These are separate fields/sheets, so the report preserves both figures rather than treating them as the same metric.

Skills Practised

Grievance logging, priority classification, category management, investigation tracking, corrective-action follow-up, resolution documentation, COUNTIF/COUNTA-based reporting, and HR MIS review.

Training record disclaimer: This document records self-directed HR practical training using sample/fictitious data. It is not an employer-issued employment or experience certificate, and it does not certify real workplace grievance handling.
